

Unofficial Guide to Obstetrics and Gynaecology: Core O&G Curriculum Covered. 300+ Multiple Choice Questions with Detailed Explanations and Key Subject Summaries (Paperback)

By -

Zeshan Qureshi, United Kingdom, 2018. Paperback. Condition: New. Language: English. Brand new Book. The Unofficial Guide to Obstetrics and Gynaecology is unique as a textbook that is written based on national and international guidelines. In a subject topic that includes a lot of "grey areas" this is of paramount importance for undergraduates and postgraduates who are studying and working on the wards. Knowledge is present in succinct topic summaries that are then tested and expanded upon in more than 300 multiple choice questions with fully explained answers. More than 100 colour images and illustrations and clinical cases bring the topics to life. The book has been written by junior doctors therefore the content is engaging and always understandable. The content has then been checked by senior clinicians ensuring that it is reliable and up-to-date.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

This kind of book is every little thing and taught me to look ahead of time and a lot more. I am quite late in starting reading this one, but better than never. I found out this book from my dad and I encouraged this pdf to find out.
